

Bee Cave Stargazing Night *

Tuesday, June 21
8:30-10:30 pm

Explore the sky above Bee Cave with
the Austin Astronomical Society

* The stargazing will take place behind the Old School House, which is next to the Bee Cave Police Department (and the PD is located behind The Bountiful Café in the Shops at the Galleria).

If the night is cloudy or rainy, the viewing will be rescheduled. The Astronomical Society will still hold a fun program in the Old School House on June 21. Check the [summer reading blog](#) or call the Library if the weather is inclement.
